Ordered to lie on the table and to be printed

AMENDMENT intended to be proposed by Mr. MERKLEY

Viz:

1 Strike the preamble and insert the following:

Whereas the Mekong River supports the livelihoods of approximately 60,000,000 people, making it the most important river in Southeast Asia and one of the most important rivers in the world;

Whereas the Mekong-United States Partnership, comprising the United States, Burma, Cambodia, Laos, Thailand, and Vietnam, and the predecessor of that partnership, the Lower Mekong Initiative, have contributed greatly to the economic, social, and human resources development of the countries in the Mekong River Basin and the protection of the Mekong River;

Whereas the United States has longstanding diplomatic relations with the countries in the Mekong River Basin, in-

cluding a nearly 200-year-old relationship with treaty ally Thailand;

Whereas the development of the countries in the Mekong River Basin is critical for the unity, economic strength, and institutional development of the Association of Southeast Asian Nations, a strategic partner of the United States;

Whereas the Mekong River continues to be affected by environmental changes, coupled with the construction of upstream dams that have altered the natural flow of the river and vital ecological processes supported by natural flow;

Whereas, since 2019, the flow of water in the Mekong River during the wet season has been abnormally low;

Whereas the Nuozhadu and Xiaowan Dams in China account for more than 50 percent of the water storage of all dams in the Mekong River Basin and can restrict up to 10 percent of the total wet season flow of the Mekong River, exacerbating drought conditions downstream;

Whereas the Mekong River Commission is an integral partner in ensuring the long-term health of the Mekong River;

Whereas the Ayeyawady-Chao Phraya-Mekong Economic Cooperation Strategy can be a leader in supporting river development and protection;

Whereas the Mekong Dam Monitor, funded partly by the Mekong-United States Partnership, has provided essential data and information about the impacts of hydro-power dams along the Mekong River to the people and governments of the Mekong River Basin to allow them to prepare for irregular water flows and mitigate the economic and environmental impacts of those flows;

Whereas the Mekong River has become a hub for criminal elements to traffic in drugs, people, and wildlife, undermining the rule of law in the countries in the Mekong River Basin and impacting the world through the proliferation of illegal drugs and fauna that can cause spillover of zoonotic diseases;

Whereas the international community has committed to support the development of countries along the Mekong River through internationally recognized development goals;

Whereas the Friends of the Mekong, which includes the countries in the Mekong River Basin, the United States, Australia, the European Union, Japan, New Zealand, the Republic of Korea, the Asian Development Bank, the Mekong River Commission Secretariat, and the World Bank, is committed to supporting the shared principles that have underpinned peace and prosperity across the Indo-Pacific for decades;

Whereas close coordination and collaboration with civil society groups throughout the Mekong River Basin is essential to the protection of the Mekong River;

Whereas, among the countries in the Mekong River Basin, there has been a negative trend toward the detention and detainment of civil society actors and journalists and an increase in violations of human rights;

Whereas the February 1, 2021, military coup in Burma was illegal and unjustified and has resulted in more than 2,000 deaths, more than 1,000,000 people displaced, and tens of thousands of people in detention, and continued violence threatens the stability of the entire region, especially those countries along the borders of Burma; and

Whereas diaspora communities from countries in the Mekong River Basin are a vital part of the United States and help build thriving people-to-people ties between those countries and the United States that lead to strong commercial, civil society, and cultural ties: Now, therefore, be it
